

3D Reference Caliper

Project Goal

Create a tool to quick sort different screws length.

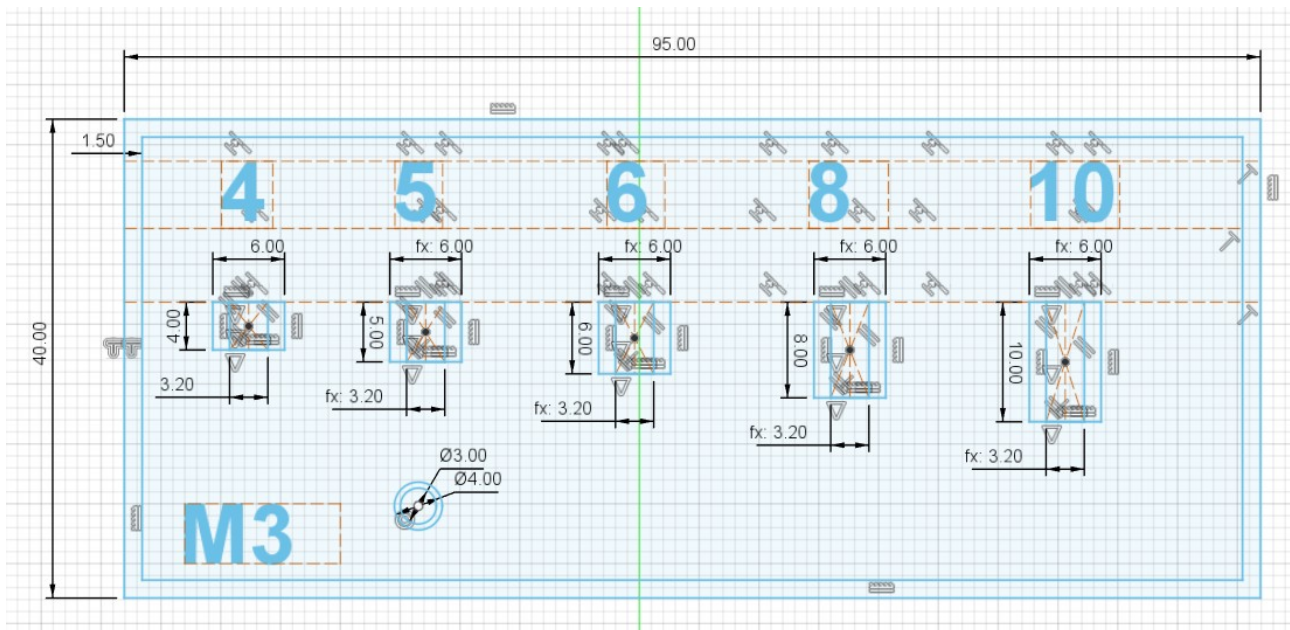

This should be available for M3 / M4 / M5 / M6

M3 Collection

Developing the tool I decided that it is better to split into 3 parts:

- 4, 5, 6, 8, 10
- 12, 14, 16, 18, 20,
- 25, 30
