

3DHoles And Pins Kit

Version 2.0

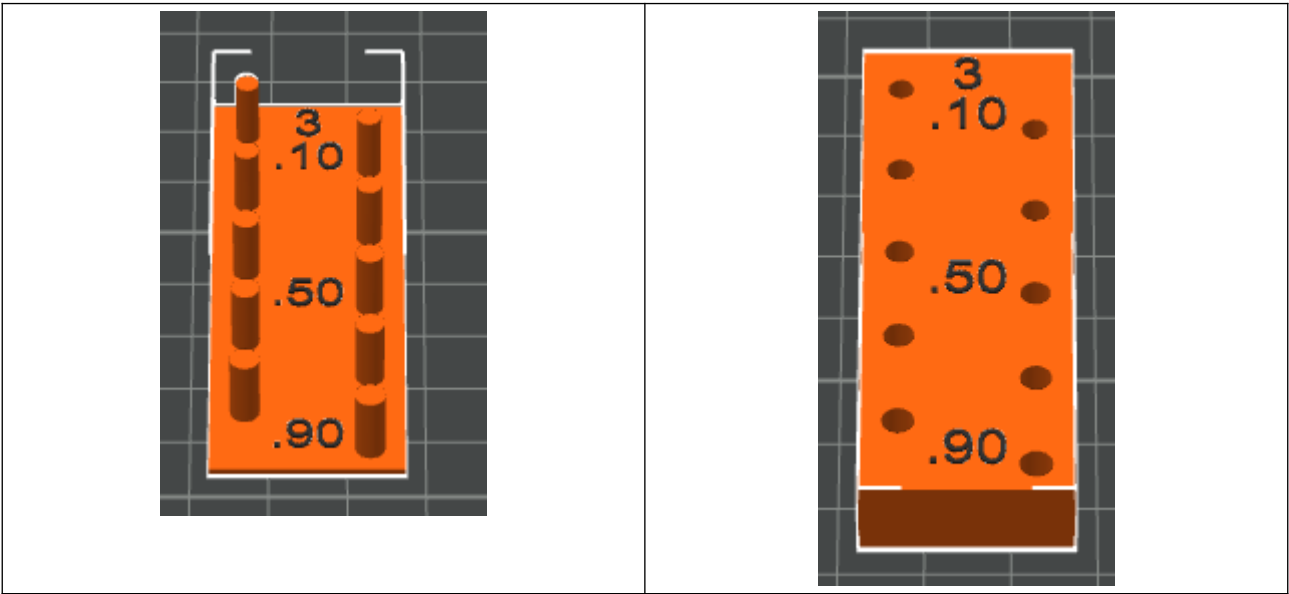

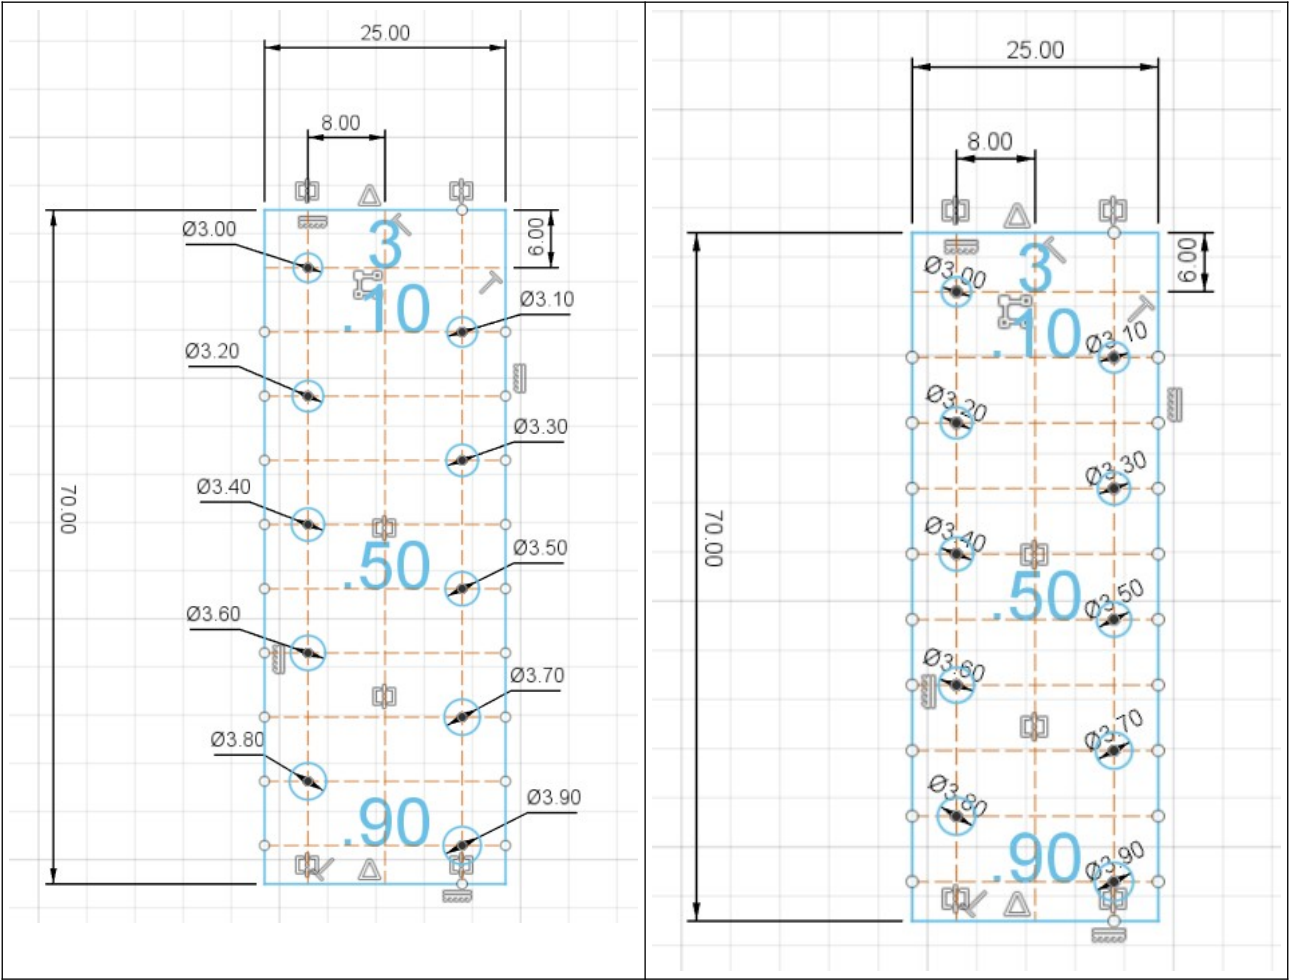

Project Goal

Create a set of parts that can be used to evaluate holes and pins using reference samples for 3, 4, 5, 6 mm for both holes and studs. All calipers has 10 measures, from $x+0.00$ up to $x + 0.90$ mm

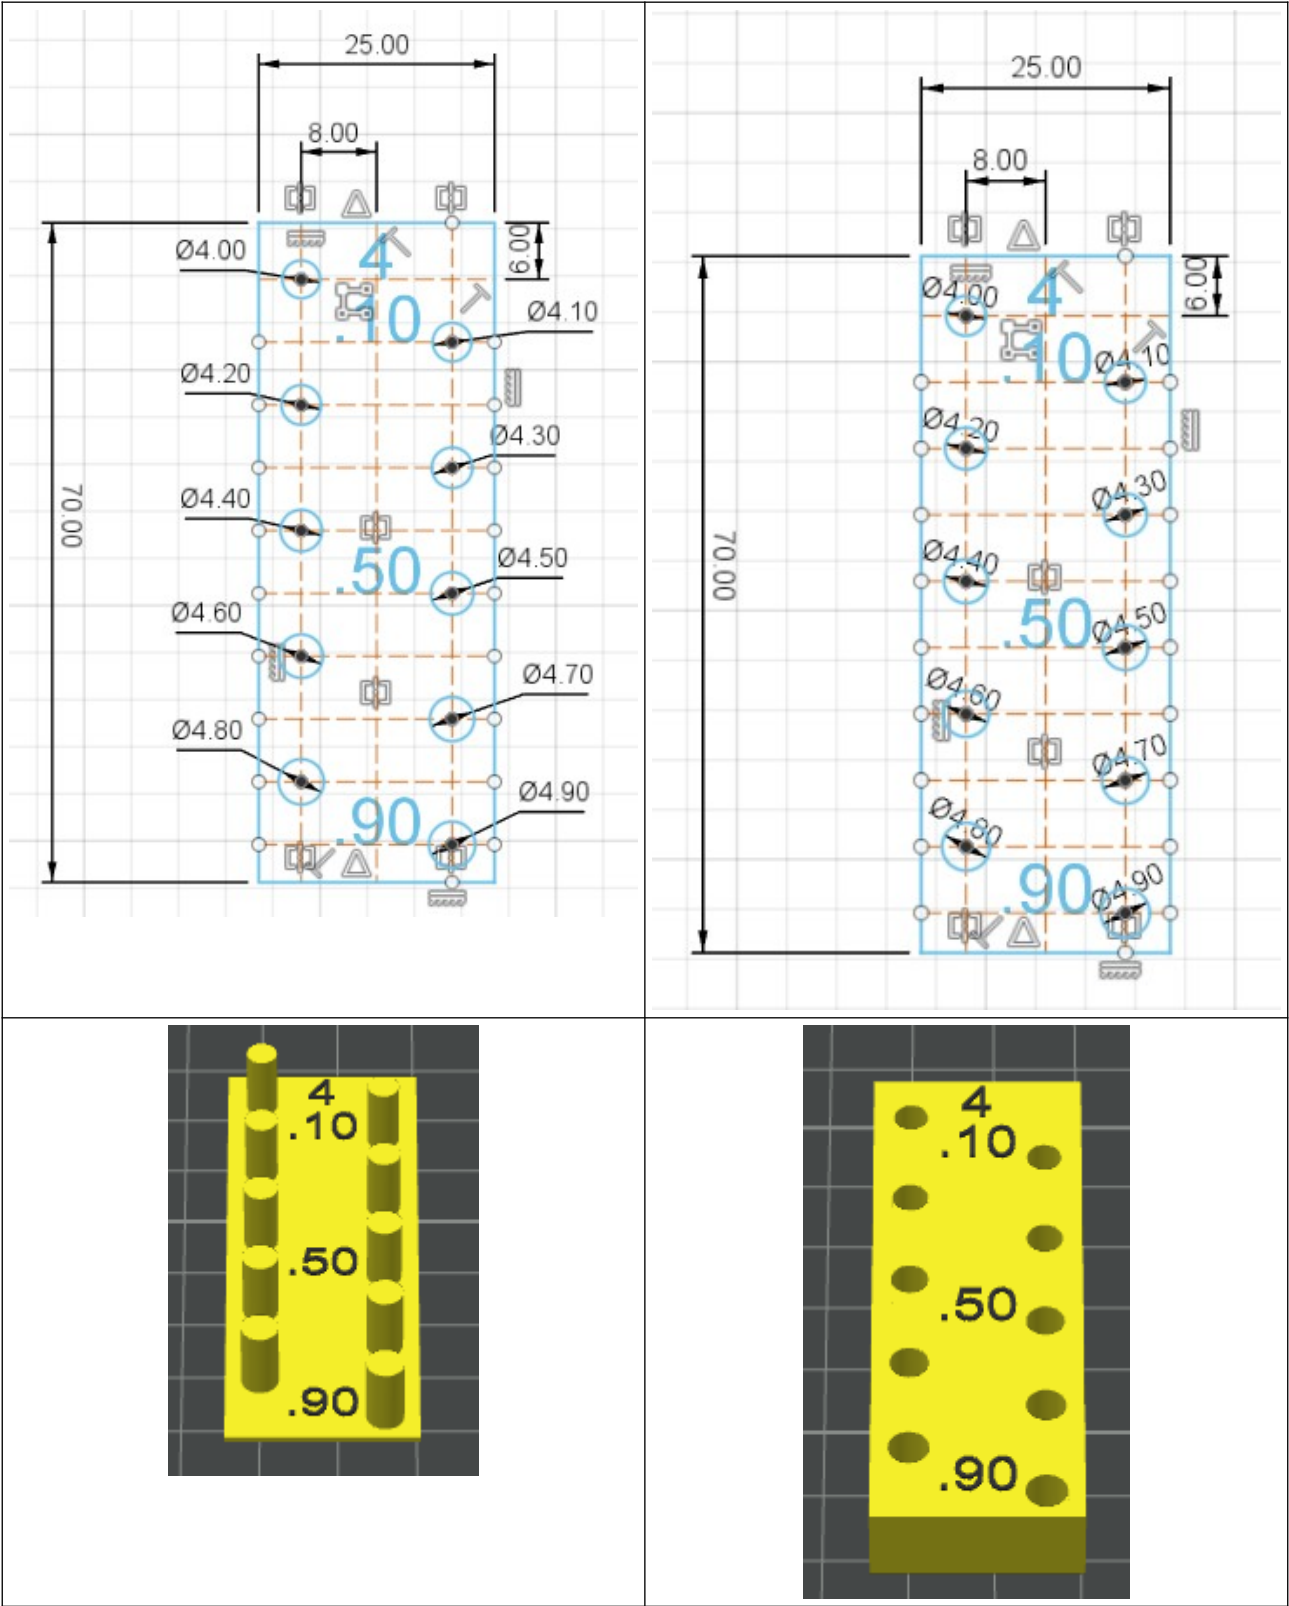

Version 2.0

- Improve the quality of the text using a different text color
- Print different size in different colors:
 - 3 mm – Orange
 - 4 mm – Yellow
 - 5 mm – Green
 - 6 mm – Blue

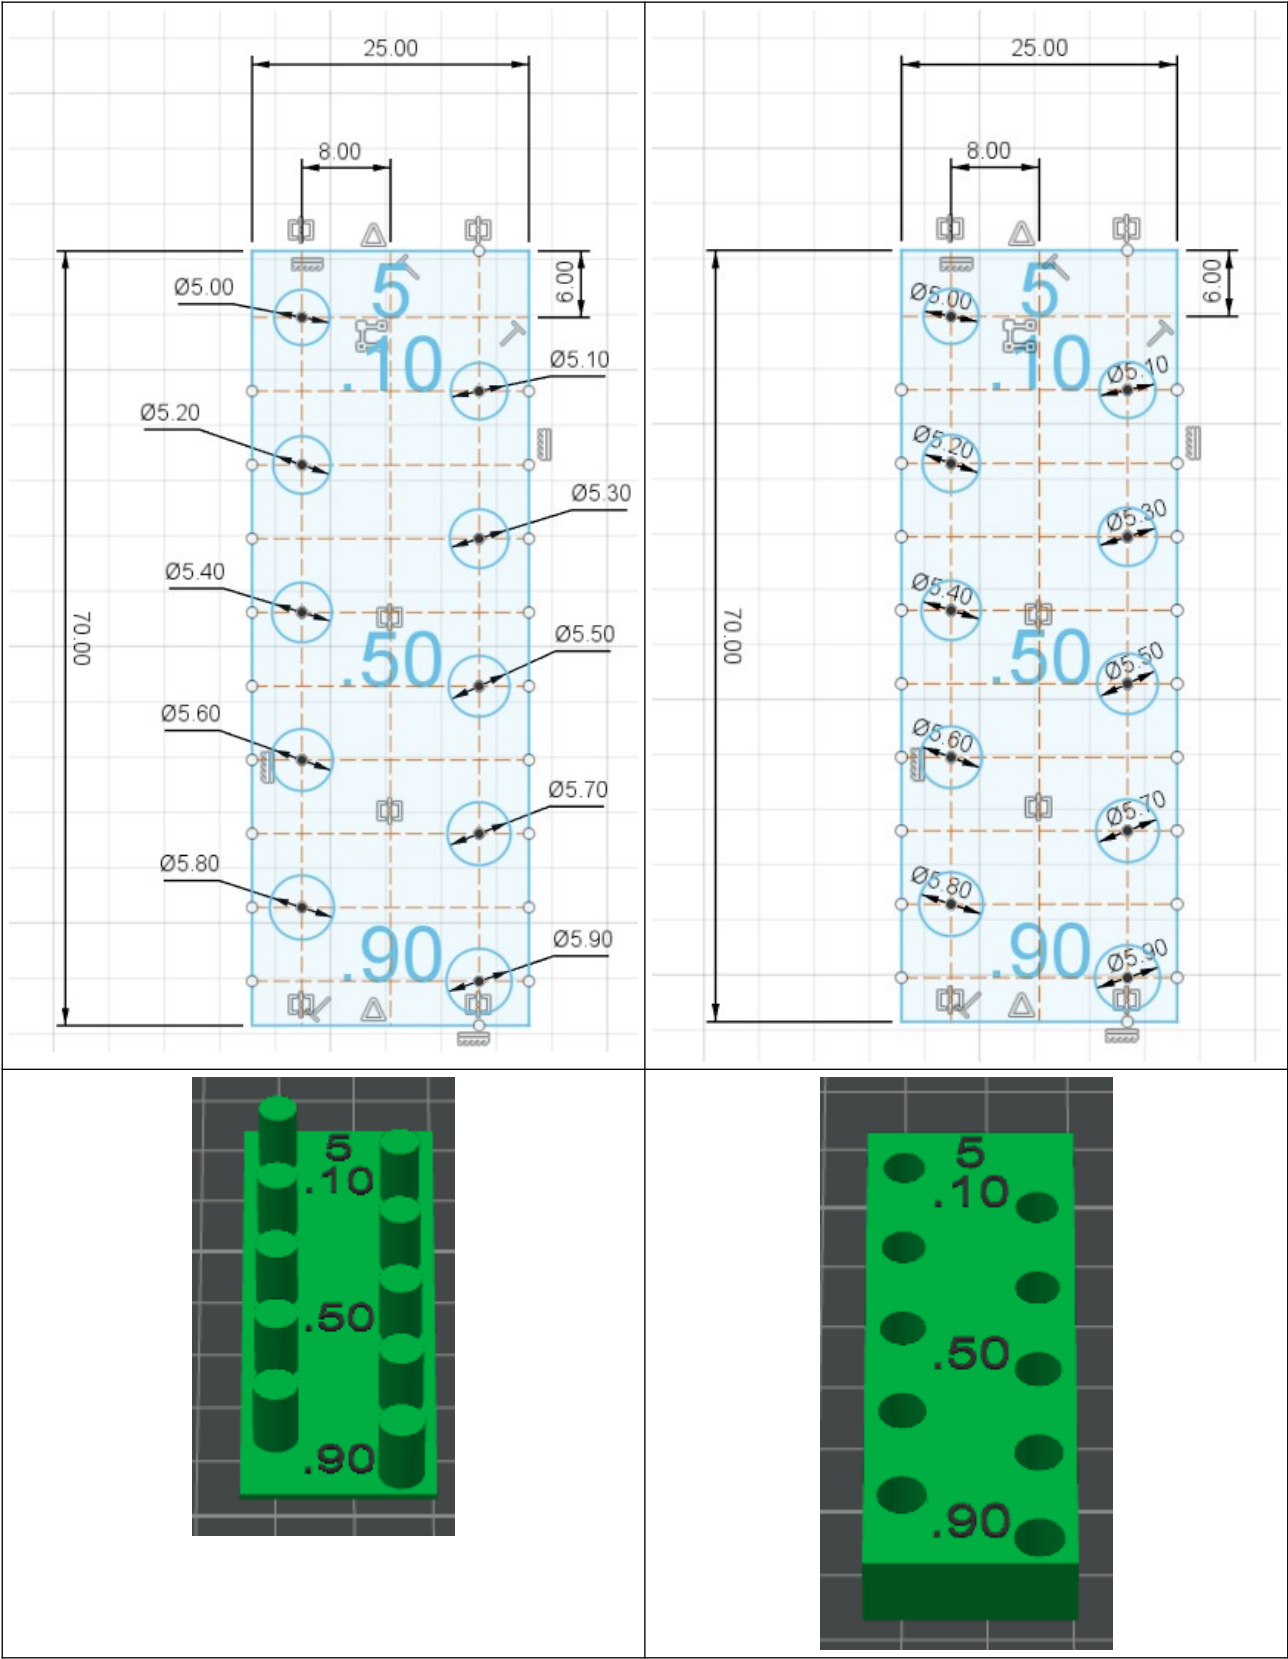

3 mm Holes and Pins

4 mm Holes and Pins

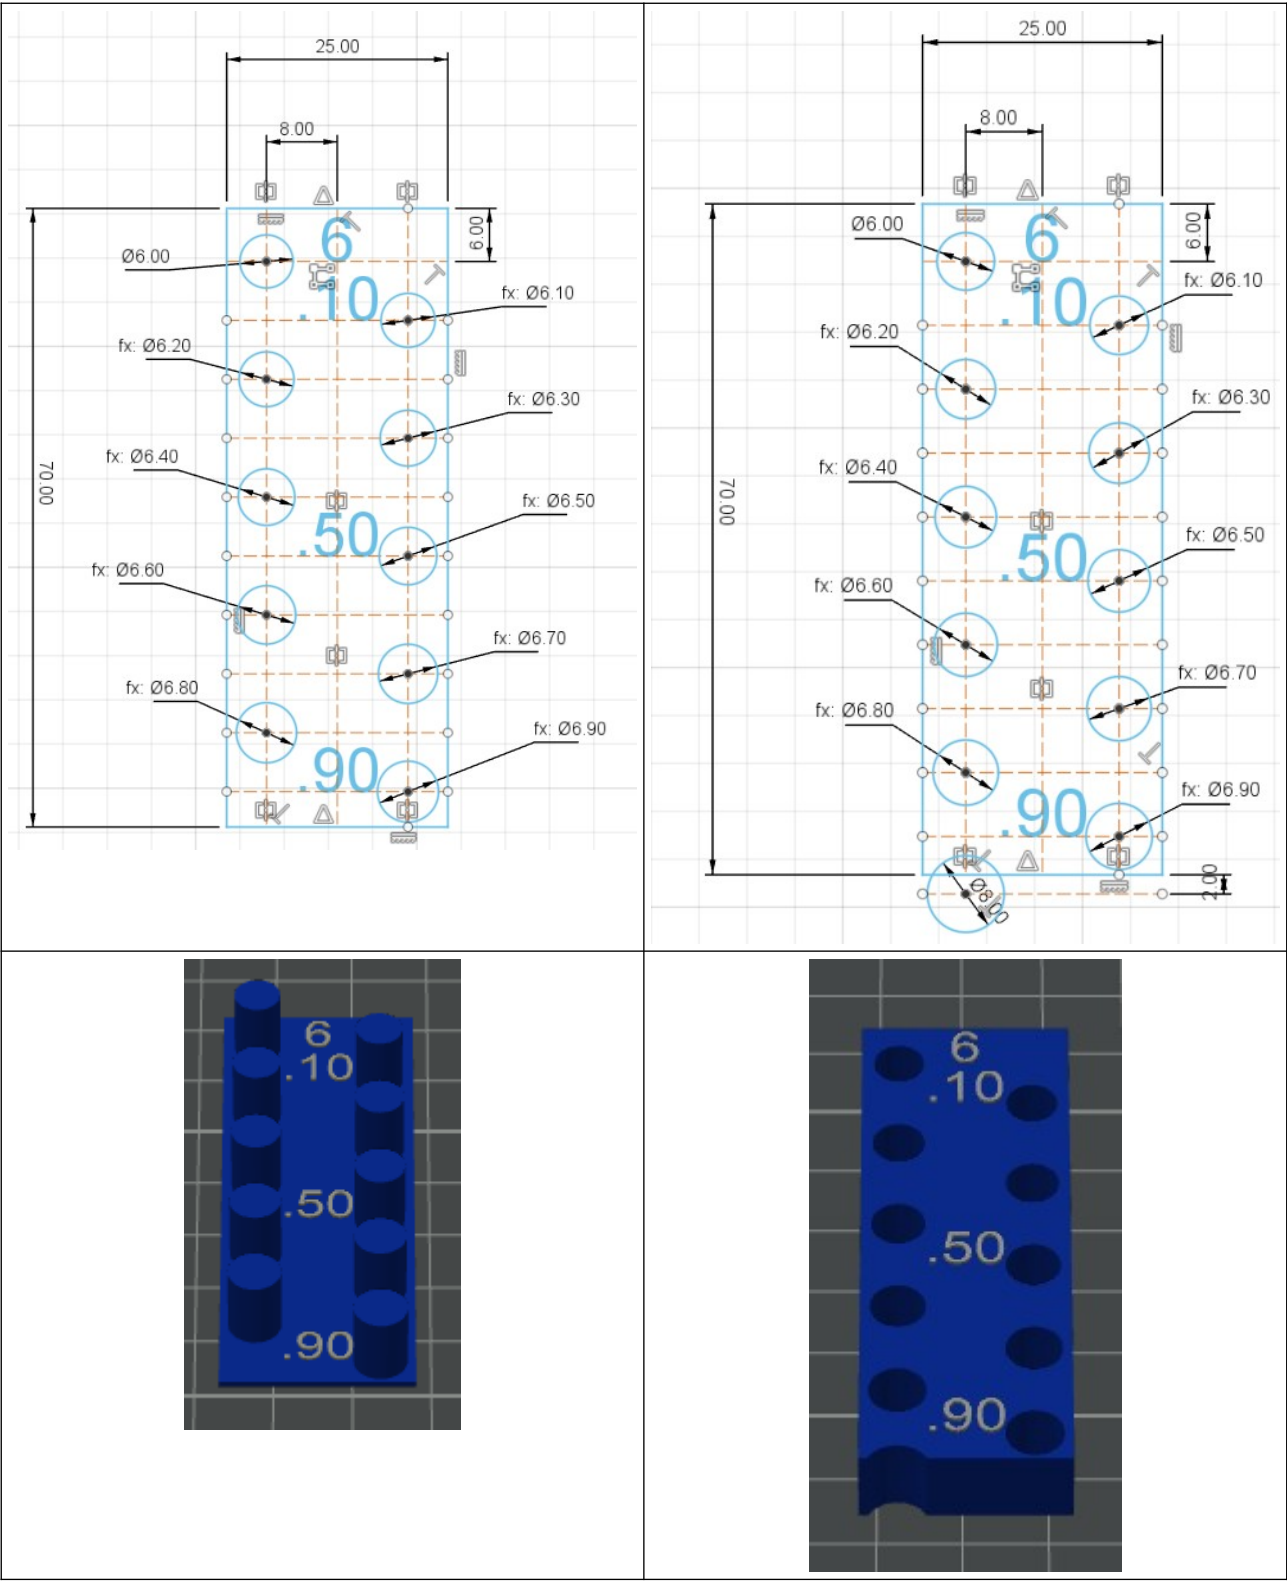

5 mm Holes and Pins

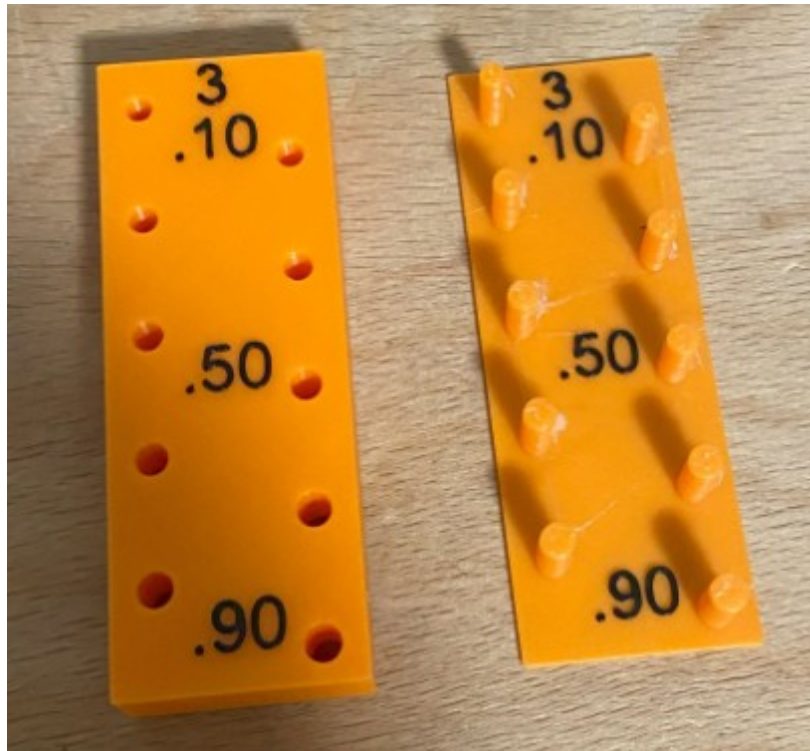

6 mm Holes and Pins

This is different since I need to create space using a 8 mm circular arc slot.

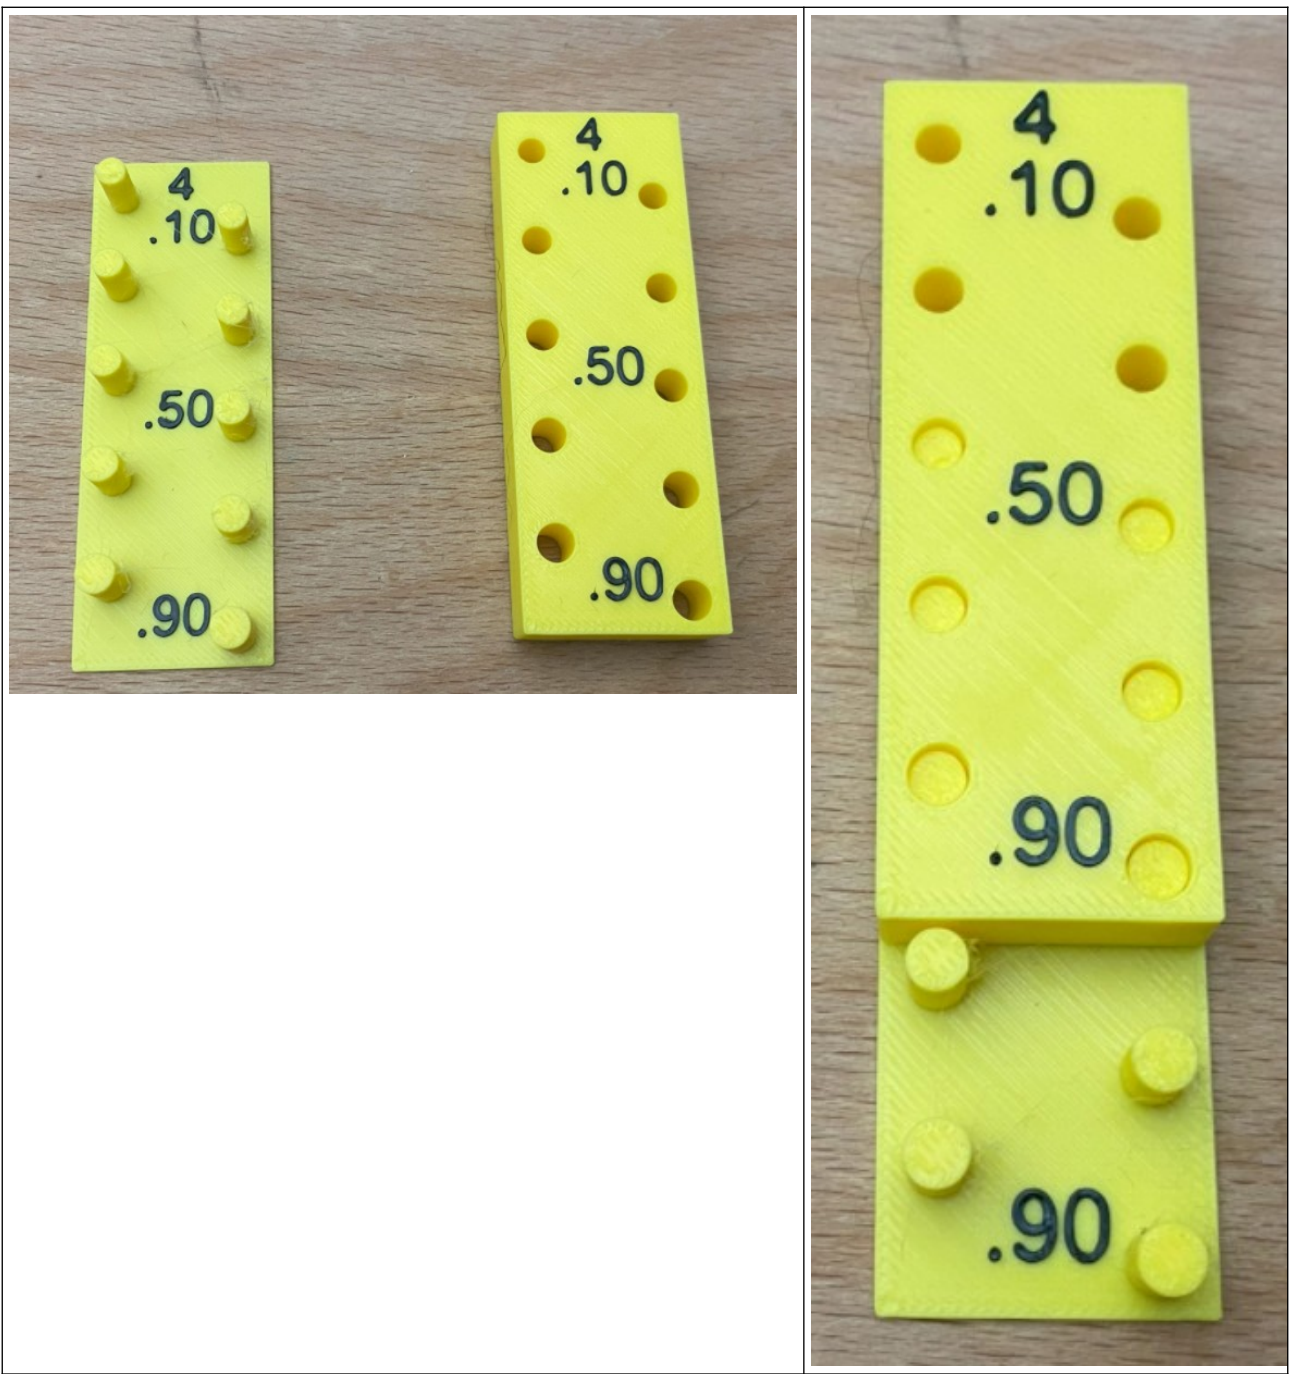

Final result

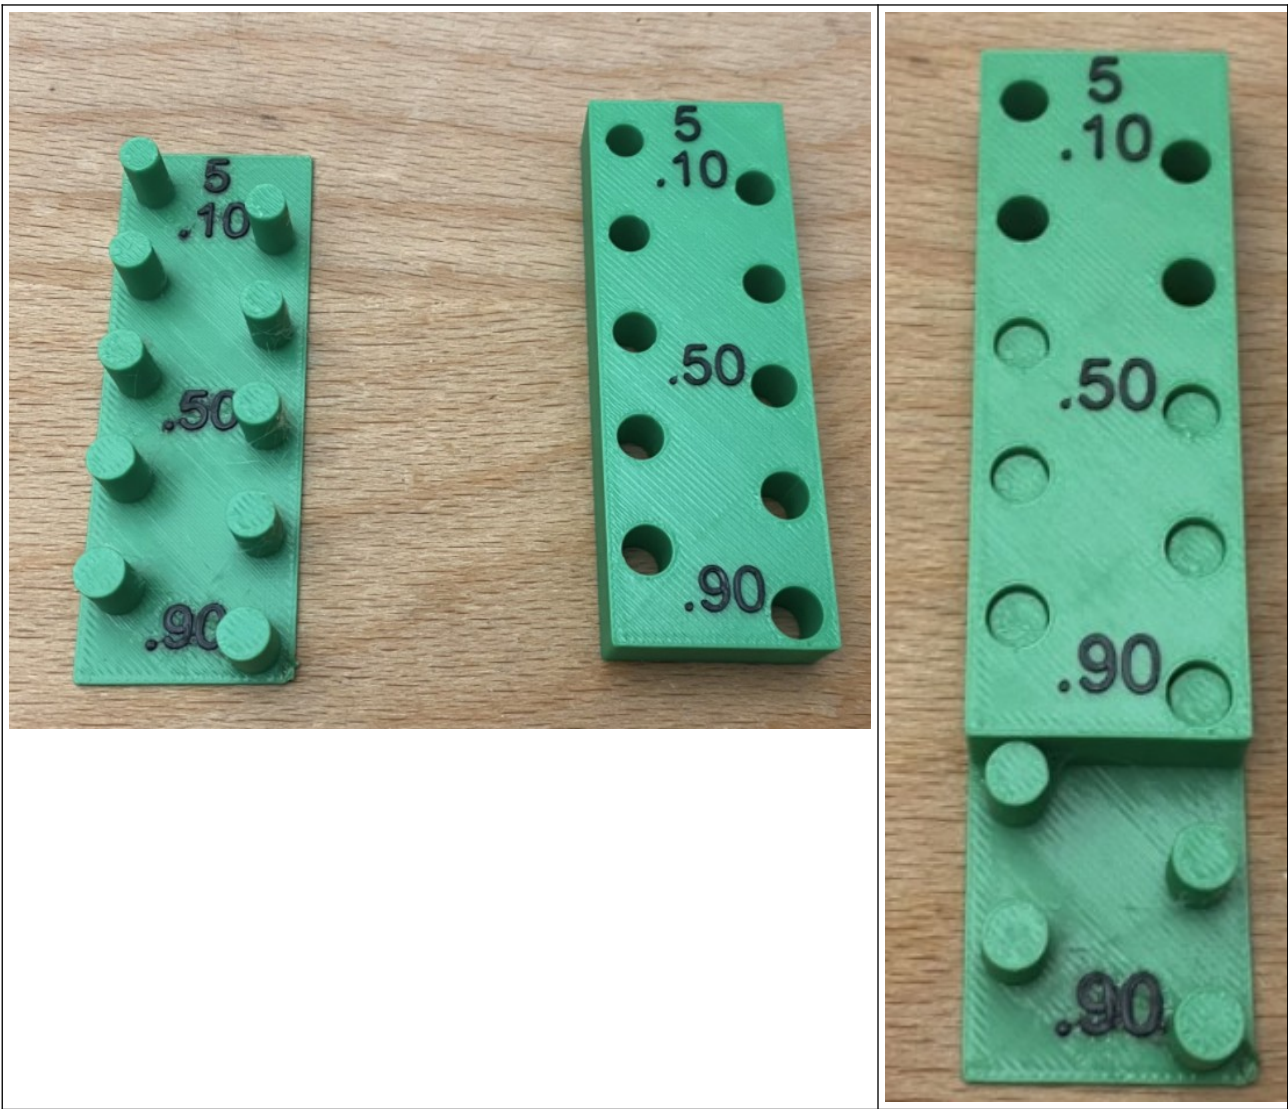

3 mm

4 mm

5 mm

6 mm
